PART IV A—Bills introduced in the Bengal Legislative Assembly; Reports of Select Committees presented or to be presented to that Assembly; and Bills published before introduction in that Assembly

BENGAL LEGISLATIVE ASSEMBLY DEPARTMENT.

NOTIFICATION.

No. 901L.A.—24th April 1944.—In pursuance of the provisions of rule 50 of the Bengal Legislative Assembly Procedure Rules, the following Bill which was introduced in the Bengal Legislative Assembly on the 3rd of March, 1944, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto.

THE BENGAL ALIENATION OF AGRICULTURAL LAND BILL, 1944.

A BILL

to provide for the restoration of the agricultural lands to the tenants alienated by them during the year 1943 owing to the prevailing economic distress.

WHEREAS it is expedient to provide for the restoration of the agricultural lands to the tenants alienated by them during the year 1943 as a result of the prevailing economic distress.

It is hereby enacted as follows :—

1. (*1*) This Act may be called the Bengal Alienation of Agricultural Land Act, 1944.

(*2*) It extends to the whole of Bengal.

(*3*) It shall come into force on such date as the Provincial Government may by notification in the Official Gazette appoint on this behalf.

2. In this Act, unless there is anything repugnant in the subject or context :—

(*1*) "Collector" means the Collector of a district or any other officer appointed by the Provincial Government to discharge the functions of a Collector under this Act and includes the Deputy Collector of a subdivision empowered on this behalf,

(*2*) " prescribed " means prescribed by rules under this Act,

(*3*) " tenant " includes a *raiyat*, under-*raiyat* and a tenure-holder,

(*4*) " tenant ", " holding ", " improvement " and " complete usufructuary mortgage " have the same meanings as they have in the Bengal Tenancy Act, 1885.

3. The provisions of this Act shall have effect notwithstanding anything contained to the contrary in any other law for the time being in force.

4. If on or after the 1st January, 1943, and before the 1st January, 1944, a tenant has transferred any holding by sale or any consideration the actual amount or value of which that passed does not exceed 500 rupees in rural areas and one thousand rupees in urban areas and if,—

(*a*) he applies to the Collector within three years from the date on which this Act comes into force for the restoration of such holding to his ownership and possession ; as he could not have maintained himself or his family except by making such alienation of his holding ; and

(*b*) he deposits with the Collector the actual amount of such consideration or its value that passed together with interest on such amount at the rate of rupee one and annas nine *per centum per annum* from the date of his receipt of such consideration and the amount of any compensation for improvements effected to the holding allowed by the Collector and determined by him less the amount of the net income derived from such holding by the person in possession of the holding as a result of such alienation ;

the Collector shall make an order in writing restoring such holding to the ownership and possession of such tenant.

The Bengal Alienation of Agricultural Land Bill, 1944.

(Clauses 5—13.)

5. When the Collector makes an order under section 4 restoring any holding to the ownership and possession of a tenant such order shall have effect on the 1st *Baisakh* next following the date of the order and if before that date the person in possession of the holding has not yielded possession of the holding to such tenant the Collector may of his own motion and shall on the application of the tenant, eject such person and place such tenant in possession of the holding.

6. If the transferee of any holding in respect of which an order under section 4 has been made has not alienated his holding and is in possession thereof the amount deposited with the Collector under clause (*c*) of that section shall be paid to the transferee.

7. If the transferee of such holding has alienated the holding prior to the date of the order under section 4 the amount deposited with the Collector shall be paid—

(*a*) in the case of alienation by means of,—

(*i*) a *bona fide* transfer for valuable consideration,

(*ii*) a *bona fide* gift by a registered instrument or *heba*,

(*iii*) a usufructuary mortgage,

to the person in possession of the holding ;

(*b*) in the case of alienation by means of a *bona fide* lease for valuable consideration to the transferee and the person in possession of the holding in such proportion as the Collector may deem fair and equitable.

8. Instead of applying under section 4 for the restoration of his holding a tenant may at his own option apply for the conversion of the transfer by the sale of his holding into a complete usufructuary mortgage and in such case the Collector shall make an order in writing converting the said transfer by sale into a complete usufructuary mortgage with the transferee or person in possession as mortgagee as for a period of ten years or such a shorter period as in the circumstances of the particular case is in the opinion of the Collector justified.

9. The period so determined by the Collector shall be commenced from the time when the property was possessed by the transferee at the very first instance and it would continue to the end of that period if the tenant to whom it would restore does not redeem the property by paying back the amount so determined due for that remaining period by calculation deducting the fair and equitable amount of income according to the prescribed manner for which the property was enjoyed otherwise the liability for the payment of such amount shall be deemed to be extinguished on the expiry of the said period.

10. If a tenant has not availed or cannot avail the opportunity of any section of this Act his case would be treated as a complete usufructuary mortgage for a period not exceeding ten years after which it would be treated as fully redeemed property and the liability shall be deemed to have been extinguished.

11. On the expiry of the period of the mortgage if the mortgagee does not yield possession of the mortgaged holding to the tenant the Collector may of his own motion and shall on application of the tenant, eject the mortgagee and place the tenant in possession of the holding.

12. Neither the High Court nor any civil court shall have jurisdiction in any matter which the Collector is empowered to dispose of under this Act.

13. The Provincial Government may make rules for carrying out the purposes of this Act.

STATEMENT OF OBJECTS AND REASONS.

The plight and misery of the teeming millions of the country owing to the horrible economic distress during the year 1943 knew no bounds. Innumerable people in severe distress being in want of food used to take *china*, *kaon*, *kalai*, *kachu*, *ghechu* and what not and have sold their hearth and home, almost everything moveable and not infrequently immoveable property that they had and most unfortunately some millions have taken shelter into the graves. However, the present Bill is intended to give a bit relief now to the tenants for the restoration of the agricultural lands alienated by them during the year owing to such untold hardship.

3. (*1*) Notwithstanding anything contained in the Murshidabad Act, 1891, and the Indenture included in and confirmed by the said Act—

(*a*) each daughter of a deceased Nawab Bahadur shall be entitled to receive a monthly allowance of two hundred and fifty rupees ;

(*b*) each younger son of a deceased Nawab Bahadur shall be entitled to receive a monthly allowance of one thousand eight hundred rupees ;

(*c*) the sons and daughters (if any) of a deceased younger son of any deceased Nawab Bahadur shall be entitled to monthly allowances which in the aggregte shall equal six hundred rupees, the sons receiving equal allowances and the daughters receiving equal allowances and each son receiving double the allowance of each daughter

(*2*) The allowances mentioned in clauses (*a*), (*b*) and (*c*) of sub-section (*1*) shall—

(*2*) No allowance payable under section 3 shall, whether it has become so payable or not, be liable to attachment under any process of any Court.

(*b*) for the words "*secondly*", "*thirdly*" and "*fourthly*" the words "*thirdly*", "*fourthly*" and "*fifthly*" shall respectively be substituted.

STATEMENT OF OBJECTS AND REASONS.

Under section 5 of the Murshidabad Act, 1891, all property belonging to the Murshidabad Estate shall descend and be enjoyed for ever by the Nawab Bahadur of Murshidabad for the time being. The succession to the titles of the Nawab Bahadur of Murshidabad and Amir-ul-Omrah is governed by the custom of primogeniture. The daughters of the Nawab Bahadur and his younger sons have, therefore, no right to the Estate properties. It is considered necessary that there should be some provision for their maintenance to keep up the dignity of the family of the Nawab Bahadur after his demise. The Bill has been framed with this object in view.

PART IV B—Bills introduced in the Bengal Legislative Council; Reports of Select Committees presented or to be presented to that Council; and Bills published before introduction in that Council.

BENGAL LEGISLATIVE COUNCIL DEPARTMENT.

NOTIFICATION.

No. 632L.C.—21st April, 1944.—The following report of the Select Committee on the Bengal Diseases of Animals Bill, 1944, by the Hon'ble Khan Bahadur Saiyed Muazzamuddin Hosain, M.L.C., with the Bill embodying amendments recommended by the Committee, is hereby published for general information.

S. K. D. GUPTA,
Secy. to the Bengal Legis. Council.

REPORT OF THE SELECT COMMITTEE ON THE BENGAL DISEASES OF ANIMALS BILL, 1944

(as introduced in the Bengal Legislative Council by the Hon'ble Khan Bahadur Saiyed Muazzamuddin Hosain, M.L.C.).

We, the members of the Select Committee to which the Bengal Diseases of Animals Bill, 1944, was referred by a motion carried in the Council on the 23rd March, 1944, have the honour to submit this our Final Report with the Bill embodying amendments recommended by us. Matters recommended by us to be omitted have been printed in italics and enclosed in square brackets, and all new matters recommended by us to be inserted have been underlined.

2. The Committee met for the first time on the 3rd April, 1944, and concluded their sitting on the 4th April, 1944.

3. The Bill has not been altered by our recommendation to an extent requiring republication.

4. The Bill was published before introduction in the *Calcutta Gazette* of the 27th January, 1944, under rule 48 of the Bengal Legislative Council Procedure Rules.

5. The changes made by us are detailed below :—

Clause 2.—Sub-clause (1).—We have included "bullocks" and "dogs" in the definition of animals in order to bring these animals under the purview of the Bill.

Sub-clause (2).—We have excluded glanders and farcy as these diseases are covered by the Glanders and Farcy Act, 1899.

We have also excluded the disease called "surra" from the purview of the Bill as this is a disease of the horses which have been excluded from the present Bill.

Sub-clause (6).—We consider it desirable that the officers of the Bengal Civil Veterinary Department who may be authorised by the Government to carry on the duties of the Veterinary Assistants under this Act should in the opinion of the Provincial Government possess suitable qualifications in veterinary medicine and we have re-drafted this sub-clause accordingly.

Clause 3.—Sub-clause (1).—We consider it desirable that a Veterinary Practitioner should report the fact of an animal being infective not only when he comes to know of it in course of his veterinary practice but also when he has reasons to believe so otherwise and this sub-clause has been re-drafted accordingly. We have also made certain drafting changes.

We further think it desirable to provide in this sub-clause that any person other than the Veterinary Practitioner referred to above may also report the fact of an animal being infective where he has reasons to believe so.

Sub-clause (4).—We think it necessary that a copy of the report received by the Veterinary Assistant under this sub-clause should be forwarded by him to the Subdivisional Magistrate of the area concerned.

Clause 4.—We have made slight drafting change.

Clause 6.—Sub-clause (1).—We have re-drafted this sub-clause to make it more explicit.

Sub-clause (2).—We consider it desirable that the carriage of any animal or thing referred to in sub-clause (*1*) through an infected area should also be allowed in cases where such animals and things are carried by any mechanically propelled vessel approved by the Government and the sub-clause has been amended accordingly.

Clause 7.—Sub-clause (1).—We have made slight drafting change.

Sub-clause (2).—We have omitted the provision of branding an animal as we think such a provision undesirable.

Clause 8.—Sub-clause (1).—We have made drafting changes and have also provided for the seizure of animals in those cases where the order under sub-clause (*1*) to the persons concerned are not complied with within a reasonable time.

Sub-clause (2).—We think it proper to provide that the agent of the owner of the animal seized under the proviso to sub-clause (*1*) may also apply for the return of such an animal.

We think it proper that the cost of isolation, segregation and treatment of the animal seized under the proviso to sub-clause (*1*) of clause 8, should be borne by the Government. The sub-clause has been amended accordingly.

Clauses 11, 14-16.—We have made some necessary drafting changes.

Clause 19.—We think it desirable that the arrests of persons under this clause should be made by the Police Officer on the request in writing of a Veterinary Assistant and the clause has been amended accordingly.

Clause 24.—Sub-clause (1).—We think it desirable that the rules should be made by the Government under this clause subject to the condition of previous publication and we have amended this sub-clause accordingly.

Sub-clause (2) (c).—We have made certain drafting changes.

New paragraph (cc).—We have added this new paragraph for the determination of the manner of marking animals under sub-clause (*2*) of clause 7 of the Bill. This is consequential to the change made in sub-clause (*2*) in clause 7.

Sub-clause (2) (e).—We have made slight drafting changes consequential to the change in sub-clause 8(*2*).

Minute of Dissent by Mr. Lalit Chandra Das, M.L.C.

The provisions of the Glanders and Farcy Act, 1899, can be extended to apply to horses, camels, asses and mules in Bengal by a notification in the official Gazette. So, horses, camels, asses and mules were not brought within the purview of this Bill—The Bengal Diseases of Animals Bill, 1944. *Vide* Statement of Objects and Reasons of this Bill.

2. Section 20 of the abovementioned Act gives protection to persons empowered to act under it when their acts are done in good faith. Section 23 of this Bill follows that section and gives protection similarly.

3. The Glanders and Farcy Act, 1899, while giving protection to officers for acts done in good faith lays down in clear and emphatic terms by section 12 of that Act the liability to punishment of officers authorized to act under it when their acts are done unnecessarily and vexatiously. Curiously enough there is no such provision in this Bill although care was taken to enact section 23 which indemnifies officers for anything which is done in good faith. A provision similar to section 12 of the Glanders and Farcy Act, 1899, ought to find a place in this Bill or section 23 of this Bill should be omitted altogether.

4. Most villages in Bengal are often full of party strife and individual animosities. The provisions of this Bill may be used to satisfy a private or party grudge. At the same time, Veterinary Officers may also take advantage of this Bill when passed into Act and use it as an engine of oppression and as a means of unlawful gain. I suggest therefore, following the lines in section 12 of the Glanders and Farcy Act, 1899, that "whoever being a Veterinary Assistant or Practitioner or any officer of the Bengal Civil Veterinary Department duly authorized by the Provincial Government to carry on the duties of the Veterinary Assistant under this Act vexatiously and unnecessarily enters or searches any field, building, house or other place or seizes or detains any animals on the pretence that it is diseased or orders destruction of it; unnecessarily and vexatiously causes any other loss, injury, detriment or inconvenience or unnecessarily and vexatiously causes the carcass of any such animal to be exhumed shall be punished with imprisonment for a term which may extend to six months or with fine which may extend to Rs. 500 or with both:

Provided no prosecution shall be instituted after expiry of three months from the date on which the offence has been committed."

5. I am of opinion that section 19 of the Bill should be omitted. No power should be given to any Police Officer to arrest without warrant or without summons issued from any court.

6. Section 22 of the Bill is not only unnecessary but positively mischievous. No such bar of claim to compensation should be expressly laid down. Its retention would encourage evil acts under cover of good faith.

7. In sub-clause (*2*) of clause 6 of the Bill, so far as I remember, after the words "by rail" the words "or by steamer or any other mechanically propelled vessel approved by the Government" were inserted by the Select Committee. The words underlined should be there in the Bill.

Minute of dissent by Mr. Shrish Chandra Chakraverti, M.L.C.

I support Mr. Lalit Chandra Das's Note of Dissent and subject to same I have signed the Report of the Select Committee.

[Note.—All matters omitted by the Select Committee have been printed in italics and enclosed in square brackets, and all new matters inserted have been underlined.]

(1) The Provincial Government or such officer as it may authorise in this behalf may by notification published in the manner prescribed declare any area in which any contagious disease has broken out, or any area within which in the opinion of the Provincial Government, or such officer, there is a danger of the spread of any such disease, to be an infected area.

Provided that on the release of the animal the owner or his authorised agent, as the case may be, shall comply with any order which the Veterinary Assistant may see fit to issue under sub-section (*1*).

(*3*) If the owner of an animal seized under the proviso to sub-section (*1*) or his authorised agent does not apply for the release of the animal under sub-section (*2*) and the animal is, in the opinion of the Veterinary Assistant, no longer likely to infect any other animals with the contagious disease in respect of which it was seized, the Veterinary Assistant shall send the animal to the nearest cattle pound or deal with it in such other manner as may be prescribed.

(*4*) Notwithstanding anything in sub-sections (*1*), (*2*) and (*3*) if the Veterinary Assistant, after due examination of any animal, certifies in writing that such animal is affected with any of such contagious diseases as may be prescribed in this behalf, he may destroy the animal or deal with it in such other manner as may be prescribed.

(*k*) the manner in which an animal may be buried under sub-section (*1*) of section 13 ;

(*l*) the rules subject to which a Veterinary Assistant may take action under section 17.

STATEMENT OF OBJECTS AND REASONS.

The high mortality among cattle in Bengal due to epidemic diseases is well known, but there is at present no statute in this province to control them. Action taken on a voluntary basis cannot be effective, as restriction on the movement of diseased cattle from one place to another, their segregation, and mass inoculation of healthy stock in affected areas are among the measures which must be taken to bring about a speedy control of the epidemic diseases. This Bill has accordingly been prepared vesting Government with powers to undertake the necessary control measures.

2. The Glanders and Farcy Act, 1899, already in force in this province applies to horses, camels, asses and mules. Under section 2(*1*) of that Act, its provisions can be extended to apply to these animals affected with any dangerous epidemic disease by a notification issued by the Provincial Government in the *Official Gazette*. It is not, therefore, considered necessary to extend the provisions of the present Bill to horses, camels, asses and mules.

DEPARTMENT OF AGRICULTURE, BENGAL

Calcutta, the 15th April 1944.

Revised Forecast of the Rabi Crops of Bengal for 1943-44.

(*Note.*—On an average of the five years ending 1941-42, the area under summer rice in Bengal has represented some 0·6 per cent. of the total area under rice in India.)

Character of the season.—Sowings commenced under favourable conditions and the crops grew generally under favourable weather conditions excepting in certain areas where untimely rainfall, hailstorm, drought and insect-pests adversely affected the growth and caused a little damage.

Acreage.—The total area sown under different *rabi* (1) food crops and (2) non-food crops dealt with in this forecast estimated respectively at (1) 3,408,700 and (2) 706,900 acres this year against 3,472,700 (revised) and 716,200 acres respectively last year and against 3,033,300 and 708,300 acres respectively of the total estimated normal areas under the heads. The total food crops acreage this year shows a decrease by about 1·8 per cent. as compared with that of last year, although there has been an increase of about 8 per cent. under summer rice, the area being 517,800 acres this year against 479,800 (revised) last year. The area under tobacco this year is estimated at 300,200 acres against 303,900 last year.

Outturn.—According to District Officers' estimates, the average outturn of the different crops works out this year to 82 per cent. of the normal as against 85 per cent. last year.

Summer rice and tobacco crops.—The average outturn of the summer rice (*boro*) for the province works out to 94 per cent. of the normal against 91 (revised) per cent. last year. The gross yield of the crop on the basis of the normal yield of 13 3/5 maunds of clean rice per acre is estimated at 243,100 tons this year as against 218,100 (revised) tons last year.

The outturn of tobacco crops works out to 78 per cent. of the normal as against 82 per cent. of the last year. Taking 1,151 lbs. or 14 maunds as the normal yield of tobacco per acre, the gross yield for the province works out to 120,400 tons this year as against 128,200 tons last year.
